Dear Madam or Sir,

For more than ten years, Kiwa GmbH (Notification Body No. 0770) has been certifying cements from Sinai White Portland Cement Company, which belongs to Aalborg Portland / Cementir Holding . Currently, there are three valid certificates according to EN 197-1 for the following cements:

AALBORG WHITE made in Egypt CEM I 52.5 N: Certificate No.: 0770-CPR-2092-01-18,
AALBORG WHITE made in Egypt CEM II B/LL 42.5 N: Certificate No.: 0770-CPR-2092-02-18,
AALBORG WHITE made in Egypt CEM I 52.5 R: Certificate No.: 0770-CPR-2092-03-18.

We approve that the products sold by your subcontractor in Laudun l'Ardoise operated by Entrepôt du port (Subcontractor, Route du port, 30290 L'Ardoise, France) are covered by Kiwa GmbH's CE certification for Sinai White Portland Cement. As long as the certificates are valid, the cements can be placed on the European market from your manufacturer depot in Laudun l'Ardoise (France) and freely traded as harmonized construction products. The status of the certification can be viewed on our homepage: www.kiwa.de/zertifikatssuche.aspx.

This approval is limited in time (October 2023 - October 2026) and will be confirmed after three years as part of an on-site inspection and then re-issued.

Kind regards,

Dr.-Ing. Ronny Stadie
Certification

Dr. Christian Bertoldi
